Base PoP: 5/18/2021- 5/17/2029
Option: One 3-Year Extension (5/17/2032)

\$99MM

Contract Ceiling

General Scope:

This contract consists of time sensitive construction response actions across the United States and outlying areas for hazard and disaster relief. Task orders vary in size, complexity, and location, and require a high degree of flexibility and adaptability on the part of Vazquez Forgen JV, LLC to guarantee a rapid and effective response. All work is time-sensitive in nature, necessitating an expedited response to mitigate threat to life and property and/or operational impacts to the government. Mission critical aspects include **security & defense initiatives, protection of transportation systems, disruption of threats to installations, protection of critical infrastructure and key assets, disaster support response (ex: repair of roads, bridges, irrigation systems, dams, electrical distribution systems, etc.), and infrastructure construction support.**

Vazquez is partnered with large business mentor, Forgen, for the duration of this contract through Vazquez Forgen JV, LLC (VFJV). VFJV also has a teaming agreement with Coastal Environmental Group, Inc. to support rapid responses for the life of this contract. VFJV has the following labor categories accepted with approved hourly rates on the awarded contract:

Program/Construction Operations Manager	Corporate Quality Control Manger
Corporate Safety & Health Manager	Procurement Specialist(s)
Project Manager(s)	Structural Engineer(s)
Accounting/Financial Analyst(s)	On-Site Project Controls Tracker(s)
Site Superintendent(s)	Mechanical Engineer()
Quality Control Specialist/CQC Systems Manager	Site Safety & Health Officer(s)

Places of Performance: Continental United States, Alaska, Hawaii, District of Columbia, and outlying areas

Vazquez Commercial Contracting, a HUBZone certified Small Business, and Forgen, the largest self-performing environmental, geotechnical, flood control, and ecosystem restoration contractor in the U.S., entered an SBA approved Mentor/Protégé Agreement in November 2020. Vazquez Forgen JV can perform work in every region of the United States and has the capacity to support and deliver construction services without interruption. The Joint Venture team employs personnel and owns/leases office space, warehouses, and equipment yards in *Kansas City, MO; Cincinnati, OH; Detroit, MI; Knoxville, TN; Tampa, FL; Denton, TX; Denver, CO; Brielle, NJ; McLean, VA; Valparaiso, IN; and Rocklin, CA.*
